

A Map of
THE CONSOLIDATED CHAPELRY OF
St Margaret
TYLER'S GREEN.

1862

NOTES:

- This map was based on a tracing of an earlier Parish Map, possibly c. 1848, with some later changes added, but includes some mistakes e.g. the omission of the Queen's Head.
- Boundary stones, shown as B.S. on the map, were placed and marked, e.g. T.G. St M. C.C., 1863, No. 1.
- Part of the boundary is defined by reference to the numbers assigned to each field by the 1848 Tithe Map.
- In 1955, boundary changes removed the bottom L.H. corner of the Parish marked, — — — so as to avoid splitting the new housing estate of Micklefield between two Parishes.
- The Parish originally included about 800 acres.
